Hi Peter and Eric,

The law revision committee voted this morning to introduce the following LRB drafts as one bill: 0520/P1, 0521/P1, 0522/P1, 0550/P1, 0551/P1, and 0552/P1.

I have section notes for the draft, but I need to reformat them a little. I assume it's OK if I send them early next week since this week has been so busy.

Thank you! Let me know if you have any questions.

2 nonstatutory reference governing pilot payments to Second Chance

***Analysis by the Legislative Reference Bureau***

Under current law, the Department of Public Instruction makes payments to Second Chance Partnership, a nonprofit corporation operating a program in which children at risk participate in apprenticeships while earning high school diplomas. This bill eliminates a nonstatutory reference to 2005 Wisconsin Act 25, section 9137 (3q); that section provided funding in the 2005-06 and 2006-07 school years to the Second Chance Partnership to create a pilot work-based learning program.

***Analysis by the Legislative Reference Bureau***

Under current law, a municipal, county, or joint public library may participate in a public library system if it has a written agreement with the system board to provide to any system resident the same library services that are provided to the residents of the municipality or county that established the member library, with two exceptions: a municipal, county, or joint public library may give preference to its residents in group programs and may provide remote access to a library's database only to its residents.

Current law also provides that a public library system is eligible for state aid if it has written agreements to provide to any system resident the same library services that are provided to the residents of the municipality or county that established the member library, with one exception: the system may give preference to its residents in group programs.

This bill reconciles these two provisions. The bill provides that a public library system is eligible for state aid if it has the written agreements with all of its member libraries that are required by law for the member libraries to participate in the system.
